Academic Education

Acute care nurse practitioner: a new career opportunity for critical care nurses. Kleinpell RM. (Academic Education) Oct:66

Offering choices in a critical care elective. Sole ML. (Academic Education) Aug:55

Using a critical care simulation laboratory to teach students. Morton PG. (Academic Education) Dec:66

Cardiac Surgery

An alternative to valvular surgery in the treatment of mitral stenosis: balloon mitral valvotomy. Holloway S, Feldman T. (Feature) June:27

Chest tube removal after cardiac surgery. Thomson SC, Wells S, Maxwell M. (Feature) Feb:34

Clinical pathways and coronary artery bypass surgery. Zevola DR, Raffa M, Brown K, Hourihan EC, Maier B. (Feature) Dec:20

Intra-aortic balloon pumps in children: a small-nursing-team approach. Geiger J, Hall T, Breeze E, Davey C, Jones A, Stackhouse D. (Pediatrics) June:79

Minimally invasive direct coronary artery bypass graft surgery: introduction for critical care nurses. Mizell JL, Maglish BL, Matheny RG. (Feature) June:46

Psychosocial and functional outcomes in women after coronary artery bypass surgery. Cronin SN, Logsdon C, Miracle V.

(Feature) Apr:19

The left anterior small thoracotomy technique: a new approach for coronary artery bypass grafting. McAlpine L. (Feature) Oct:40

The radial artery: an exciting alternative conduit in coronary artery bypass surgery. Wolff CA, Scott C, Banks TA. (Feature) Oct:34

Transmyocardial revascularization: criteria for selecting patients, treatment, and nursing care. Ballard JC, Wood LL, Lansing AM. (Feature) Feb:42

Using the continuous quality improvement process to improve the care of patients after angioplasty. Homes LM, Hollabaugh SK. (Feature) Dec:56

Cardiovascular

A valentine for our cardiac patients. Alspach G. (Editorial) Feb:10

Caring for patients with third-generation implantable cardioverter defibrillators: from decision to implant to patient's return home. Knight L, Livingston NA, Gawlinski A, DeLurgio DB. (Feature) Oct:46

Direct arterial vs oscillometric monitoring of blood pressure: stop comparing and pick one (a decision-making algorithm). Bridges EJ, Middleton R. (Cardiovascular Medicine) June:58

Ibutilide: a new antiarrhythmic agent for the critical care environment. Pill MW. (Feature) June:19

Nursing care of patients with acute myocardial infarction: results of a national survey. Riegel B, Thomason T, Carlson B. (Feature) Oct:23

Nursing management of coronary heart disease in women: using research findings. Chyun D. (Guest Editorial) Apr:10

ST segment monitoring in the pediatric ICU: detecting myocardial ischemia in children. McCulley ME, Bennett RL. (Pediatric) Apr:81

Transmyocardial revascularization: criteria for selecting patients, treatment, and nursing care. Ballard JC, Wood LL, Lansing AM. (Feature) Feb:42

Women and heart disease: the issues. Jensen L, King KM. (Feature) Apr:45

Disease Management

Toxic epidermal necrolysis: a critical care challenge. Supple KG, Liberio JN. (Feature) Dec:47

ECG/Pacemaker

ECG interpretation of chamber enlargement. Magdic KS, Saul LM. (Feature) Feb:13

ST segment monitoring in the pediatric ICU: detecting myocardial ischemia in children. McCulley ME, Bennett RL. (Pediatric) Apr:81
